Employee Engagement

Course Details

TRAIN, RETAIN AND DEVELOP | PEOPLE TRAINING DEDICATED TO SMEs

COURSE OVERVIEW

This 1-day course supports Managers, Team Leaders and Supervisors in establishing best practice in encouraging Employee Engagement. Employee Engagement is a key factor in creating the right conditions for all members of a company - what Employee Engagement isn't is an HR initiative that managers are reminded to do on a yearly basis. Employee Engagement is a strategic key driver for employee performance, accomplishment, and continuous improvement all year long and beyond.

COURSE CONTENT

- Understand the importance of Employee Engagement
- Establish what can motivate and engage your employees
- Create that working environment that encourages employees to excel in all that they do
- How to prevent activities that can disengage employees
