

LEADERSHIP PROGRAMME 10 DAY PROGRAMME

COURSE OVERVIEW

The 10-day Leadership programme has been created due to the success and popularity of our 10 Step programme for First Line Managers. It's been specifically designed to guide those moving into, or acting in, a senior management or board position. Whether an experienced Director or just starting out in a senior position there is value for everyone in this programme. The highly personalised sessions provide delegates with the tools to develop their strategic insight, knowledge and interpersonal skills to lead with confidence. The 10 steps will cover different aspects of Leadership, delivered by summ.it Partner Jayne Sanderson Brown, CIPD and Senior Accountant Laura Prosser, FCCA.
