

## CREATING A WINNING TEAM 1 DAY

### COURSE OVERVIEW

Our 1-day Creating a Winning Team course is aimed at Managers who are looking to create a high performing team of employees. Being a successful Manager isn't an easy task- it's not just about managing the daily workload, it's also about engaging your employees. Our course will give you the tools and techniques to create a harmonised, productive and motivated team.

### CONTENT

- Individual Managers self-reflection using Belbin Theory and natural behaviours
- Identifying your strengths and weaknesses as a Manager and how best to manage these
- Identify and analyse the behaviours of a high performing team
- Identify how to get the best from your team using the team development tool- Forming, Norming, Storming, Performing and Adjourning
- Clarity around your company Mission, Vision and Culture- aligned to goals and KPI's
- Motivation skills and techniques for success
